#### ■ Elure Skin Whitening Day Lotion, \$370

"Singapore is the first country in the world to carry this breakthrough product. It's only available in clinics. This lotion contains a patented enzyme that melts away the skin's superficial epidermal pigment. In two weeks, you get a brightening effect and a nice matte result. The bottle has two chambers, with an activator and an enzyme component. They act synergistically to give a more even and clear skin tone, with no side effects, downtime or peeling." – Dr Vanessa Phua, aesthetics physician, at Asia HealthPartners

#### ■ Estee Lauder Perfecting Moist [CP+] Wrinkle-Lifting Serum, \$140

"I've been using this for years, and people say I don't look my age. I think it's magic!" – Jasmine Tuan

#### ■ Euoko W-40 Watermelon Defense, \$155

"This is a great daily moisturiser as it contains antioxidants which help fight damage caused by free radicals." – Yap Eng Kian

#### ■ Jet Concepts White Hydrator, \$38.80

"A perfect day moisturiser, this has a wonderfully light texture and keeps my face fresh and beautifully shine-free all day. I like that this contains two forms of vitamin C. One is fast-penetrating, the other releases slowly throughout the day, brightening skin continually." – Diana Ong, co-founder of The PR People, and a former beauty editor

#### ■ Juice SPF 30 Mineral Light Moisturiser, \$50

#### ■ KIEHL'S AHA AWAKENING Cream, \$158

"This luxurious, moisturising cream calms down allergies, heat rashes, peeling, burns and insect bites in just a few minutes! It also protects skin irritated by inflammation, peeling or sunburn. It is formulated with natural plant-derived anti-irritants, ceramides and vitamin C, that help minimise the loss of water from skin as well as promote skin's natural production of collagen and elastin." – Dollei Seah

#### ■ Kiehl's Double Strength Deep Wrinkle Filler, \$75

"I'm very impressed with this product as it is the first wrinkle filler I've tried that does not contain silicone. It feels very light and non-

greasy on skin, and is absorbed quickly." – Clarence Lee

#### ■ Kiehl's Powerful-Strength Line-Reducing Concentrate, \$132

"I love the high percentage of vitamin C in this product. I use it nightly, all over my face, neck under my eyes. I love how it I radiance to skin, and also even the tone." – Larry Yeo

#### ■ Kimberly Sayer of L'Oréal Paris Ultra Light Facial Moisturizer SPF25, \$60

"This is the lightest all-natural sunscreen-cum-moisturiser I've ever used. It applies very easily and feels really comfortable on the skin, which is handy
